

August 25, 2020

Dear Westmoor Road Resident:

The following is a schedule for pavement rehabilitation on your street:

- 8/28/2020: Milling of the existing HMA surface (surface removal);
- 8/31/20-9/1/2020 Perform manhole adjustments in pavement;
- 9/2/2020: Place final surface of asphalt pavement on Westmoor Road; **paving work is weather-permitting.**
- RESTORATION: Restoration of the parkway with topsoil and sod will follow completion of paving. Restoration work is weather-permitting.

During this work, sections of the street will be temporarily closed to all traffic. Parking will not be permitted on the street for the duration of the process. You may experience some delays in entering and exiting your driveways. If you wish to use your vehicles before paving begins, please remove them from your property in advance of the paving operations (prior to 7:00 AM), and park on adjacent side streets, as indicated by existing parking signage.

Please note that overnight parking on the street is not necessary and will not be permitted.

Please instruct any landscaping companies or other contractors that may be doing work on your property that no parking will be allowed on the street during construction. Parking on the adjacent streets, as indicated by existing parking signage, will be necessary.

Public Works staff will gladly answer any questions that you may have concerning this project. Please contact James Bernahl 847-716-3261 or Mehdi Vakil at 847-716-3530. Thank you for your patience as we improve your street.

Sincerely,

Winnetka Public Works Department Engineering Staff
